

## YOUR TRUSTED PARTNER FOR COMPREHENSIVE CONSTRUCTION SOLUTIONS

### COMPANY OVERVIEW

Baruhk Group is a leader in construction and consulting with over 15 years of experience. Based in Washington, DC, we specialize in delivering high-quality residential, commercial, and institutional construction services. Our commitment to safety, efficiency, and sustainability has earned us a reputation as a trusted partner for federal and local government agencies.

### CORE COMPETENCIES

#### Construction Services

**HVAC Systems:** Installation, maintenance, and repair for residential, commercial, and institutional buildings.

**Plumbing:** Comprehensive plumbing solutions, including design, installation, maintenance, and repairs.

**Civil Underground Work:** Utility line installations, sewer and water management systems, and excavation.

**General Contracting:** Turnkey construction solutions managing all project phases.

**Drywall & Ceiling Tile Installation:** Quality installations for diverse spaces.

**Electrical Services:** Installation, maintenance, and repair meeting safety standards.

**Painting:** Professional interior and exterior painting for lasting finishes.

**Concrete & Masonry:** Durable foundations and structural solutions.

**Insulation:** Energy-efficient spray foam and batt insulation.  
**Post-Construction Cleaning:** Preparing sites for safe occupancy.

#### Management Services

**Construction Management:** Comprehensive oversight ensuring quality, cost-efficiency, and timely delivery.

**Consulting:** Feasibility analysis, material selection, and cost optimization.

**Administration:** Regulatory compliance, documentation, and stakeholder coordination.

**Architectural & Structural Engineering:** Collaborative, innovative designs tailored to client needs.
